Partner With Us in Cultivating the Next Generation of Christian Leaders

At Oak Grove Classical Academy, we are joyfully committed to raising up the next generation of Christian leaders who think deeply, live faithfully, and lead with conviction. What began in 2008 as a bold vision among a handful of dedicated families has become New Mexico's flagship classical Christian school. With over 400 students now enrolled, Oak Grove distinguishes itself in New Mexico in offering a Christ-centered, classical, University-Model® education; a powerful blend that forms both the heart and the mind.

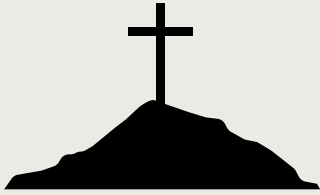

Our distinct approach sets our students apart.

By combining the timeless Trivium method with a university-model schedule, we cultivate students who reason clearly, speak persuasively, and live purposefully. Our graduates emerge not only academically prepared, but spiritually grounded, ready to serve their communities and engage the world with courage, humility, diligence and integrity. We believe education is discipleship, and we partner with families to ensure students are anchored in faith and trained by the Truth.

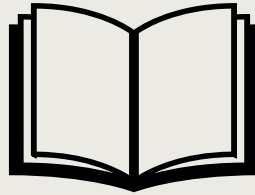

As our school continues to grow, so does our need for partners who share our vision. We invite you as leaders and stewards of this community to come alongside us in this sacred work. Your support will directly impact families through Tuition Assistance and will help us advance the vision of Oak Grove: to “**Learn for Life, and Live for Christ.**” Together, we can plant seeds of eternal significance in the lives of students who will shape the future.

A Lasting Legacy: The Fruit of Classical Christian Education

Christ-Centered Curriculum

A Christ-centered education means students learn not just what to think, but how to think in light of Scripture. At Oak Grove, we recognize that the pursuit of Truth is not a subjective venture. Rather, all truth belongs to and stems from God. Pointing students to their compass, the Word of God, is the only way they will discern truth from error, right from wrong, and good from evil.

University Model

The goal of a University-Model™ education is to preserve and strengthen the God-ordained family relationships in which the Christian faith is most effectively fostered. We utilize a hybrid model, which sees highly trained classroom teachers coming alongside parents to provide them with the tools of time, curricular flexibility and academic expertise in order to equip parents to become confident and effective partners in their children's education.

Uniquely Classical

We believe deeper learning comes from presenting truth so that students may be formed, and not simply informed. We aim to teach our students not only how to learn, but how to think by cultivating wisdom, virtue, and eloquence to the glory of God. Classical Christian education forms the whole person: sharp minds anchored by strong hearts, ready to impact the world for Christ.

"Since enrolling our child in Oak Grove Classical Academy we've seen incredible growth in academic excellence and spiritual maturity. This model of education is a gift to our family and we recommend it to friends and family wholeheartedly!
