

Rhetoric School Teacher

Oak Grove Classical Academy Faculty Vision:

Teachers at Oak Grove Classical Academy are commissioned to nurture and shepherd the souls of our students in Christ with the classical model of education. As lovers of Truth, Beauty and Goodness, our teachers will emulate the picture of being, and becoming, lifelong learners.

Teachers cover a liberal arts curriculum. Our teachers challenge and support students academically while instilling a love in them for what is true, good, and beautiful. Our teachers serve as models, guides, and mentors to help our students reach their God-given capacity. We have high expectations, and we support along that expectation. However, growth isn't just for the students. Teachers are expected to embrace an ethic of personal growth and professional development. To that end, we equip them with classical training on a regular basis through our Classical Teacher Certification and Development Program.

Key Responsibilities:

- Utilize the classical curriculum and pedagogies, while also having the freedom to achieve the objectives in unique ways to the class and to personality of the teacher
- Consistently and justly model and enforce age-appropriate student behaviors and values in their classrooms in accordance with OGCA rules and policies
- Maintain and develop honoring assessments that acknowledge students as whole persons: body, mind, and soul
- Record and communicate regular feedback to the students regarding their progress.

Professional Development:

- Depending upon background and experience, teachers will be guided through participation in our Classical Teacher Certification program
